Vendor and Supplier Registration on the e-Procurement Portal

The Central Bank of Eswatini (CBE), in line with its ongoing initiative to digitize and modernize its procurement processes, hereby advises all vendors and suppliers within the Kingdom of Eswatini and internationally to register on the CBE e-Procurement Platform.

The CBE is in the process of transitioning all procurement activities to the e-procurement system, which will serve as the sole platform for sourcing, tendering, and supplier engagement going forward.

All interested vendors and suppliers are required to complete their registration through the e-Procurement portal, which remains open for registration at all times: **www.centralbank.org.sz/tenders**.

The CBE strongly encourages all current and prospective vendors to register on the portal to ensure continued eligibility for participation in procurement opportunities.

For further information or assistance regarding registration, vendors may contact the Supply Chain Department at **supplychain@centralbank.org.sz**.
